Herbal infusions of Bose

Herbal infusions of Bose are the fruit of **an expert blending of herbs, berries, flowers, fruits, roots, and seeds**.

An infusion of fruits and herbs, taken when one is alone for a moment of stillness or with friends “telling stories”...

An infusion can be an efficacious aid in a moment of difficulty of our organism, when a medicine is perhaps not necessary, but we feel the need to have recourse to nature...

Here is the list and formulas of our available products :
